53. **Performance Monitoring of Service Providers**

A municipal service can be provided by the Municipality by entering into a Service Delivery Agreement in terms of Section 76(b) of the Municipal System Act 32 of 2000 with an external service provider. The Municipality is responsible for monitoring and assessing the implementation of the agreement, including the performance of the service provider in accordance with section 41 of the Municipal Systems Act 32 of 2000.

The performance of service providers that have been selected to provide assistance in the provision of a municipal service, otherwise than in circumstances where Chapter 8 of the Municipal Systems Act applies, is required, by Section 116 of the Municipal Finance Management Act, to be monitored and reported on.

While departments have mechanisms in place to monitor the work done by service providers, the following is the minimum standard set.

(1) All service providers or prospective service providers must be made aware of:
   (a) the requirement for the assessment and reporting of a service provider’s performance;
   (b) the use of the service provider performance reports when evaluating service providers for registration, pre-qualification, selective tender list, expressions of interest or awarding of a contract; and

   (c) measure the service providers performance after taking into account subparagraphs (a) and (b).

(8) If there is evidence that the underperformance or non-performance of the service provider is due to factors caused by the Municipality then:

   (b) the Accounting Officer, or delegated official, must take corrective action where necessary.

(9) The performance assessment reports will be made available to inter-departmental, inter-governmental departments and the CIDB (where applicable) only:

(10) The Service Provider must be notified of the assessment.
(11) The Service Provider may respond on the assessment, in writing, and this must be filed with the assessment.

(12) The conditions of appointment set in the contract will determine what action will be taken against the service provider if underperformance or non-performance is detected.

(13) Appropriate key performance indicators for the contract must be set by the Municipality as a yardstick for measuring performance.

(14) Measurable targets must be set for each key performance indicator.

(1) Ecoprocurement, or green procurement, is procurement that takes into account environmental criteria when goods and services are purchased, so that the related environmental impact is minimised.

(2) Ecoprocurement aims to:

   (a) encourage a decrease in energy and resource use;

   (b) promote environmental best practice in terms of waste minimisation and management, water and energy efficiency and conservation, pollution reduction and socio-economic development; and

   (c) encourage suppliers to change their behaviour and to provide for environmental issues in the design, manufacture and disposal of their products.

The development of ecoprocurement as part of the eThekwini Municipality SCM policy is supported.
(3) In order to further develop an ecoprocurement policy, a steering committee will be constituted that will work with the relevant stakeholders to identify and prioritise products/services for which specific environmental selection criteria will be developed.

(4) The environmental criteria for the different products/services will become integrated into Supply Chain Management processes as they become adopted.

(5) Training and communication will be undertaken with the relevant stakeholders to ensure their understanding of the specifications and how these translate into the adjudication of tender submissions.

(6) The questionnaire overleaf is an example of environmental criteria that may be considered for materials management suppliers. It is adapted from the KwaZulu Natal Department of Economic Development and Tourism’s “Draft White Paper On Greening The Procurement Of Goods And Services In The Provincial Government Of KwaZulu Natal”

57. **Municipality contracting with another organ of state – MFMA Section 110**

(1) In terms of Section 110 (2) of the MFMA, Supply Chain Management Policies do not apply when services are provided by an Organ of State. It is clear from the above that all funding raised by the Botanical Gardens Trust will be invested in the Botanical Gardens which belongs to the eThekwini Municipality. In view of the above, it would therefore be deemed to fall within the same category as “the other Municipal Entities” and therefore SCM processes will not apply.

The Bid Adjudication Committee, or the authorised delegate, are to deal with approvals in order to ensure consistency in application of this paragraph and to ensure that the appropriate controls are in place.

(5) In addition to the ICC, Ushaka Marine World, Botanical Gardens Visitors Complex, the list of Public Institutions, listed in PFMA Schedule 1, 2, 3A, 3B, 3C and 3D, as at 30 September 2011 will be applicable to this policy, as detailed in Annexure A.
58. Special Deviations from SCM Policy

Certain procurements are to be treated as special deviations from the SCM process. This covers areas previously treated as ‘Finance Payments’ and the approved list is included as per the table below.

It is still necessary, however, to ensure effective controls. Therefore, prior approval must be sought from the CFO, Head: SCM or designated official. Without evidence of such prior approval payments will not be authorized and be treated as irregular expenditure.

Quarterly reports are to be produced for the Accounting Officer on expenditure incurred, and/or to be incurred through a central register to be maintained by the SCM Unit.

CENTRAL BEACHFRONT PREMISES:

PART A: GUIDELINES TO PROSPECTIVE TENANTS ON THE FORMATION OF PROPOSALS

The Central Beachfront Upgrade has enabled the Municipality to rationalize the distribution of restaurant, service and retail opportunities available within the Central Beachfront within a combination of new and upgraded/converted premises.

The letting of these premises provides the opportunity to achieve an exciting, diverse range of food, service and retail offerings and experiences across the full length of the Beachfront which complement their respective Beach locale, contribute toward the development of a unique ‘Durban Beach Experience’ and contribute toward an overall theme of ‘healthy living’.

SPU2010/B01: Addington Restaurant Guidelines:
Addington Beach is a popular swimming, body boarding, paddle ski and surfing Beach and with its relatively calm surf conditions it is one of the preferred Beaches for those learning to surf. Addington Beach is the home of Marine Surf Lifesaving Club which offers lifesaving, as well as paddle ski and surfing lessons amongst other functions. This is a site from which hundreds of surfski users operate and is an area in which many learn-to-surf operators ply their trade. Regularly surfski competitions are held, with over 150 competitors, particularly on Friday evenings.
Addington Beach is then the venue for a number of surf related events.

It is envisaged that the Addington Premises would serve primarily as a restaurant, however the opportunity does exist to introduce retail (such as beach wear and surf related goods). As a minimum, the facility must provide access to refreshment facilities for Beach users at the lower, promenade level.
Whilst other uses will be considered in term of their contribution toward the Beachfront, the large pool of parking in close proximity to the premises is for general public use and under no circumstances will any portion of this be dedicated for the sole use of the lessee/tenants and it is essential that prospective tenderers consider the implications of the City’s position in this regard when contemplating possible uses. Ie. Lifestyle/health and fitness type uses which are membership or appointment based may well find it difficult to trade in season when parking is at a premium.
Proposals should contribute to developing the ‘Addington Beach Brand’.
From a broader Beachfront perspective it is essential that proposal provide an ‘active’ edge to Promenade interface and this is provided for by the inclusion of the outdoor seating area within the lease area.

SPU2010/B02: South Beach Kiosk Guidelines
The South Beach Kiosk and outdoor seating area is situated immediately south of South Beach and on the Beach Promenade.

It must be ensured in respect of both the concept and food offering, that the Premises serve primarily Beach Promenade users (walkers, joggers and cyclists) as well as the casual Beach visitor and as such a limited food offering of pre-packed food, ice-cream would be appropriate, perhaps with a specific focus on health foods.
The sale or consumption of alcohol from/on these premises is specifically precluded.

**SPU2010/B03: New Beach Restaurant Guidelines**

The New Beach Restaurant Premises is located on the Beach Promenade at the head of Dr Pixley KaSeme Street overlooking Durban’s premier Events Beach. This Beach hosted the 2010 FIFA™ Fanfest and numerous other sports events, such as beach volleyball and beach soccer. It is also the venue for some of the larger Beach Parties associated with Conferences/Exhibitions/Events taking place in the City. It is an ideal beach to host concerts as well.

(Certain events, such as the Indaba Beach Party may require the temporary closure of the lower ground floor restaurant level. Such instances will be limited as far as possible but in any event shall not exceed 8 days in any one calendar year.)

Dr Pixley KaSeme Street is the main east-west pedestrian link to and from the CBD and at its junction with O.R. Tambo Parade is located the City’s People Mover Terminal, serving the Central Beachfront and CBD.

Public ablutions, together with changeroom facilities and event management offices are accommodated within the building at the lower Beach Promenade level which does not form part of the premises on offer.

It is envisaged that the New Beach Premises would serve as a restaurant at the upper O.R. Tambo Parade level and as a self-service restaurant at the lower Beach Promenade level.

Whilst other uses will be considered in term of their contribution toward the Beachfront, the large pool of parking in close proximity to the premises is for general public use and under no circumstances will any portion of this be dedicated for the sole use of the lessee/tenants and it is essential that prospective tenderers consider the implications of the City’s position in this regard when contemplating possible uses. I.e. Lifestyle/health and fitness type uses which are membership or appointment based may well find it difficult to trade in season when parking is at a premium.

Proposals should contribute to developing a ‘New Beach Brand’.

From a broader Beachfront perspective it is essential that proposal provide an ‘active’ edge to the Promenade interface. This is provided for by the inclusion of the outdoor seating area within the lease area. In addition that portion of the outdoor seating (shown as beach seating) which straddles the sea wall on the opposite side of the Promenade will be available for use when not required by events taking place and as such its use will be by separate agreement.

**SPU2010/B04 to B07: New Beach Kiosk Guidelines**

Four small (4m²) kiosks have been integrated within the new Beachfront Curio Traders Stalls on the eastern edge of O.R. Tambo Parade, on either side of Dr Pixley KaSeme Street to meet the perceived need for tour booking offices which previously existed (in various forms) within this area.

Preferably tenderers should represent a broad range of tour operators providing services to the tourism sector. Dependent upon demand, alternative (non-food) uses will be considered (excluding craft).
SPU2010/B08: Wedge Beach Restaurant Guidelines
The Wedge Beach Premises (formerly Noddy’s) are located to the west of the Central Paddling Pools and between these Pools and the Amusement Park.

Whilst the Premises do not have direct frontage to the Promenade the Beachfront Upgrade has ensured improved visibility. There is also access from O.R. Tambo Parade to the north and south of the Premises which provides good access from the hotels immediately opposite.

Given its proximity to the Pools the focus here should be on families with young children and a food court type facility would be appropriate. During the school holidays huge numbers of children and families use the pools.

The sale or consumption of alcohol from/on these premises is specifically precluded.

SPU2010/B09: Dairy Beach Restaurant Guidelines
Dairy Beach is the primary surfing beach within the Central Beachfront and proposals must contribute to reaffirming and enhancing this status.

It is envisaged that the Dairy Beach Premises would serve primarily as a restaurant; however the ground and first floor levels are capable of being separately tenanted (and are offered as such) and the opportunity does exist to incorporate limited retail at ground floor level (surf shop/book store), together with a coffee shop/restaurant.

Whilst other uses will be considered in term of their contribution toward the Beachfront, the large pool of parking in close proximity to the premises is for general public use and under no circumstances will any portion of this be dedicated for the sole use of the lessee/tenants and it is essential that prospective tenderers consider the implications of the City’s position in this regard when contemplating possible uses. Ie. Lifestyle/health and fitness type uses which are membership or appointment based may well find it difficult to trade in season when parking is at a premium.

The positioning of the building, between the event space (the Fountain Court) created through the demolition of the former Ocean Sports Centre and the remodelling of the Rachel Finlayson Pool provide opportunities for a direct relationship to be developed between the restaurant and these spaces.

The Rachel Finlayson Pool has been remodelled to create a salt-water aqua-aerobics and children’s splash pool, in addition to a 50m training pool. Two large sliding gates have been installed along the southern boundary and tenderers seeking to take advantage of this interface will need to outline management and operational plans to address public access and safety issues bearing in mind that Rachel Finlayson Pool specifically is to remain as a pay public pool facility.

From a broader Beachfront perspective it is essential that proposal provide an ‘active’ edge to Promenade, Fountain Court and Rachel Finlayson interface and this is provided for by the inclusion of the outdoor seating area within the lease area.
SPU2010/B10: Dairy Beach Retail/Coffee Shop Guidelines
Dairy Beach is the primary surfing beach within the Central Beachfront and proposals must contribute to reaffirming and enhancing this status.

(The building originally served as a deck chair and umbrella store, which was later converted to accommodate Rachel Finlayson Pool’s chlorination plant, which has been relocated beneath the Rachel Finlayson Grandstand.)

The building is set well back of the Beach Promenade overlooking and partly framing the Fountain Court (the event space created in the demolition of the former Ocean Sports Centre). Whilst the Premises are also located on an important east-west pedestrian route from O.R. Tambo Parade and the CBD, the future use of these Premises should draw the public into the Fountain Court area. As such the use of these Premises is likely to influence the nature of activities/events which take place within the Fountain Court and tenderers must incorporate such suggestions within their submissions. (That is notwithstanding the fact that the Fountain Court does not form part of the Premises on offer.)

It is envisaged that the Dairy Beach Premises could serve as a Retail Outlet with perhaps a focus on high end arts crafts, culture or books, together with a coffee shop/restaurant.

From a broader Beachfront perspective it is essential that proposal ‘engage’ the Fountain Court.

SPU2010/B13: Country Club 1 Kiosk Guidelines
This Beach/Kiosk is situated at the northern extreme of the recent Beach Upgrade and at the point where the Kings Park - Moses Mabhida Stadium pedestrian link meets the Beach Promenade.

Whilst current demand dictates that Country Club Beach is only opened on Sundays’, Public Holidays’ and peak holiday periods for swimming, this is expected to change with the Central Beachfront Upgrade and in particular the development of the Promenade, which is planned to be extended through to Blue Lagoon over the next few years. Swimming, surfing and surf-ski are the main surf activities in this zone.

The conversion of this (former ablution block) provides an opportunity for the establishment of a sandwich bar and possible bicycle hire service. Proposals should focus not only on existing Beach users, but also on the growing numbers of cyclists, joggers and walkers using the Promenade and aim at growing this market and the profile of Country Club Beach. During the summer season this area transforms as families often picnic and braai on the grassed areas in close proximity to the Kiosk.

From a broader Beachfront perspective it is essential that proposal provide an ‘active’ edge to Promenade interface.

SPU2010/B14: Battery Beach Kiosk Guidelines
This Beach/Kiosk is situated at Battery Beach, opposite the former Natal Command and just south of the Suncoast Casino.

Battery Beach is a popular swimming, paddle ski and surfing Beach and is the home of Suncoast Pirates Surf Lifesaving Club.
The redesign of the Battery Beach Parking Node, together with the Promenade and adjoining grassed areas and World War II Gun Battery provides an opportunity for the establishment of a sandwich/juice bar serving both Beach and Promenade users (walkers, joggers and cyclists).

With the physical changes that have taken place in the immediate vicinity, the City will consider undertaking minor alterations to the building to improve its interface with its western Promenade edge.

The sale or consumption of alcohol from/on these premises is specifically precluded.

From a broader Beachfront perspective it is essential that proposal provide an ‘active’ edge to Promenade interface and in this regard consideration will also be given to the introduction of limited, portable tables, chairs and umbrellas immediately adjoining the premises.
